

Calculating Your UCalgary GPA

If you completed a degree at the University of Calgary, you can easily calculate your GPA using the tools in your Student Center—just follow the steps below. If you studied at another university, check the “Cumulative GPA” section on your transcript or use the GPA calculators available on the Faculty of Graduate Studies (FGS) website.

- Step 1.** Log in to your Student Center
- Step 2.** Click on the “Exam and Grades” Tab.
- Step 3.** At the top of the page, select “GPA Calculator”

The screenshot shows the Student Center interface with a sidebar on the left containing navigation icons for Home, My Application, My Service Requests, Alumni Home, Personal Info, Exams and Grades (highlighted with a red box), and Program and Advising Info. The main content area has tabs for 'Graduate Programs' and 'Undergraduate Programs'. Below the tabs, there are sections for 'Expected Graduation Term', a list of links including 'GPA Calculator' (highlighted with a red box), 'Deferred Examination Requests', 'Exchange Confirmation/Law Gen', 'Request Official Transcript', 'Student Confirmation Letters', 'View Unofficial Transcript', and 'Flexible Grade Option (CG)'. At the bottom, there are two tables with headers: 'Course Number', 'Title', 'Instructor', 'Units', 'Grading Basis', and 'Grade'.

After clicking the GPA Calculator, a new window will open.

Step 1. Enter the date range for the courses used in the calculation.

Step 2. Under “Limit to Course Taken”, choose the Start (“From”) and End (“To”) terms of your Degree.

Step 3. Click “Recalculate GPA.”

GPA Calculator

Term grade point averages are calculated and recorded on the transcript at the end of each term (e.g. Fall, Winter, Spring, Summer). The U of C does not record cumulative or any other GPA's on the transcript. This calculator is provided for your convenience, but the resulting GPA's are not to be considered official.

Criteria Selection To select courses to be included in the GPA based on the available criteria, click on the "Criteria Selection" button, specify your criteria and then click on the "Recalculate GPA" button to view the results. If desired, fine tune the resulting courses selected using "Manual Selection".

Manual Selection To manually select courses using the 'Include' checkboxes on the grid, click the "Manual Selection" button, select the desired courses, and then click on the "Recalculate GPA" button to view the results.

Include U of C Courses Only Include Transfer Credit Only Include Both

Limit to Courses Taken From: [] To: []

Limit Subject: [] Limit to Last 'X' Units: []

Click the 'Recalculate GPA' button to view the courses and GPA associated with your selected criteria.

Recalculate GPA

Incl	Sort Order (Year/Month)	Term	Transfer Credit	Subject	Catalog Number	Grade	Grade Point Value(GPV)	Units	Points (GPV x Units)
------	-------------------------	------	-----------------	---------	----------------	-------	------------------------	-------	----------------------

After clicking “Recalculate GPA,” your GPA for the selected degree will be displayed. Enter this information in your PAF, along with your degree, institution, and current status. For UCalgary degrees, select “4” as the GPA scale.

Note. If you have more than one UCalgary degree (for example, a BSc, MSc, or PhD), click on “Criteria Selection” and repeat these steps for each degree.

Enter the Degree, Institution Name, Current Status and Cumulative GPA and choose the grading scale from the drop down. Email gsaward@ucalgary.ca if you are unsure how to list the additional calculations

	Degree and Institution		Current Status	Cumulative GPA Report GPA exactly as it appears on your official transcript	GPA Scale
	Degree	Institution			
Degree 1	<input type="text"/>	<input type="text"/>	<input type="text" value="v"/>	<input type="text"/>	<input type="text" value="v"/>
Degree 2	<input type="text"/>	<input type="text"/>	<input type="text" value="v"/>	<input type="text"/>	<input type="text" value="v"/>
Degree 3	<input type="text"/>	<input type="text"/>	<input type="text" value="v"/>	<input type="text"/>	<input type="text" value="v"/>
Degree 4	<input type="text"/>	<input type="text"/>	<input type="text" value="v"/>	<input type="text"/>	<input type="text" value="v"/>
